

Leeds City Museum

Sensory Guide

For finding quieter, less crowded and lower lit spaces and seating

Welcome to Leeds City Museum.

You can use this sensory guide to find sensory friendly spaces in the museum. The guide is divided into 4 sections:

1. Noise and space - our spaces which are more likely to be quieter and uncrowded
2. Light - our spaces which have natural and low light
3. Tactile - our spaces where there are opportunities to get hands on
4. Seating

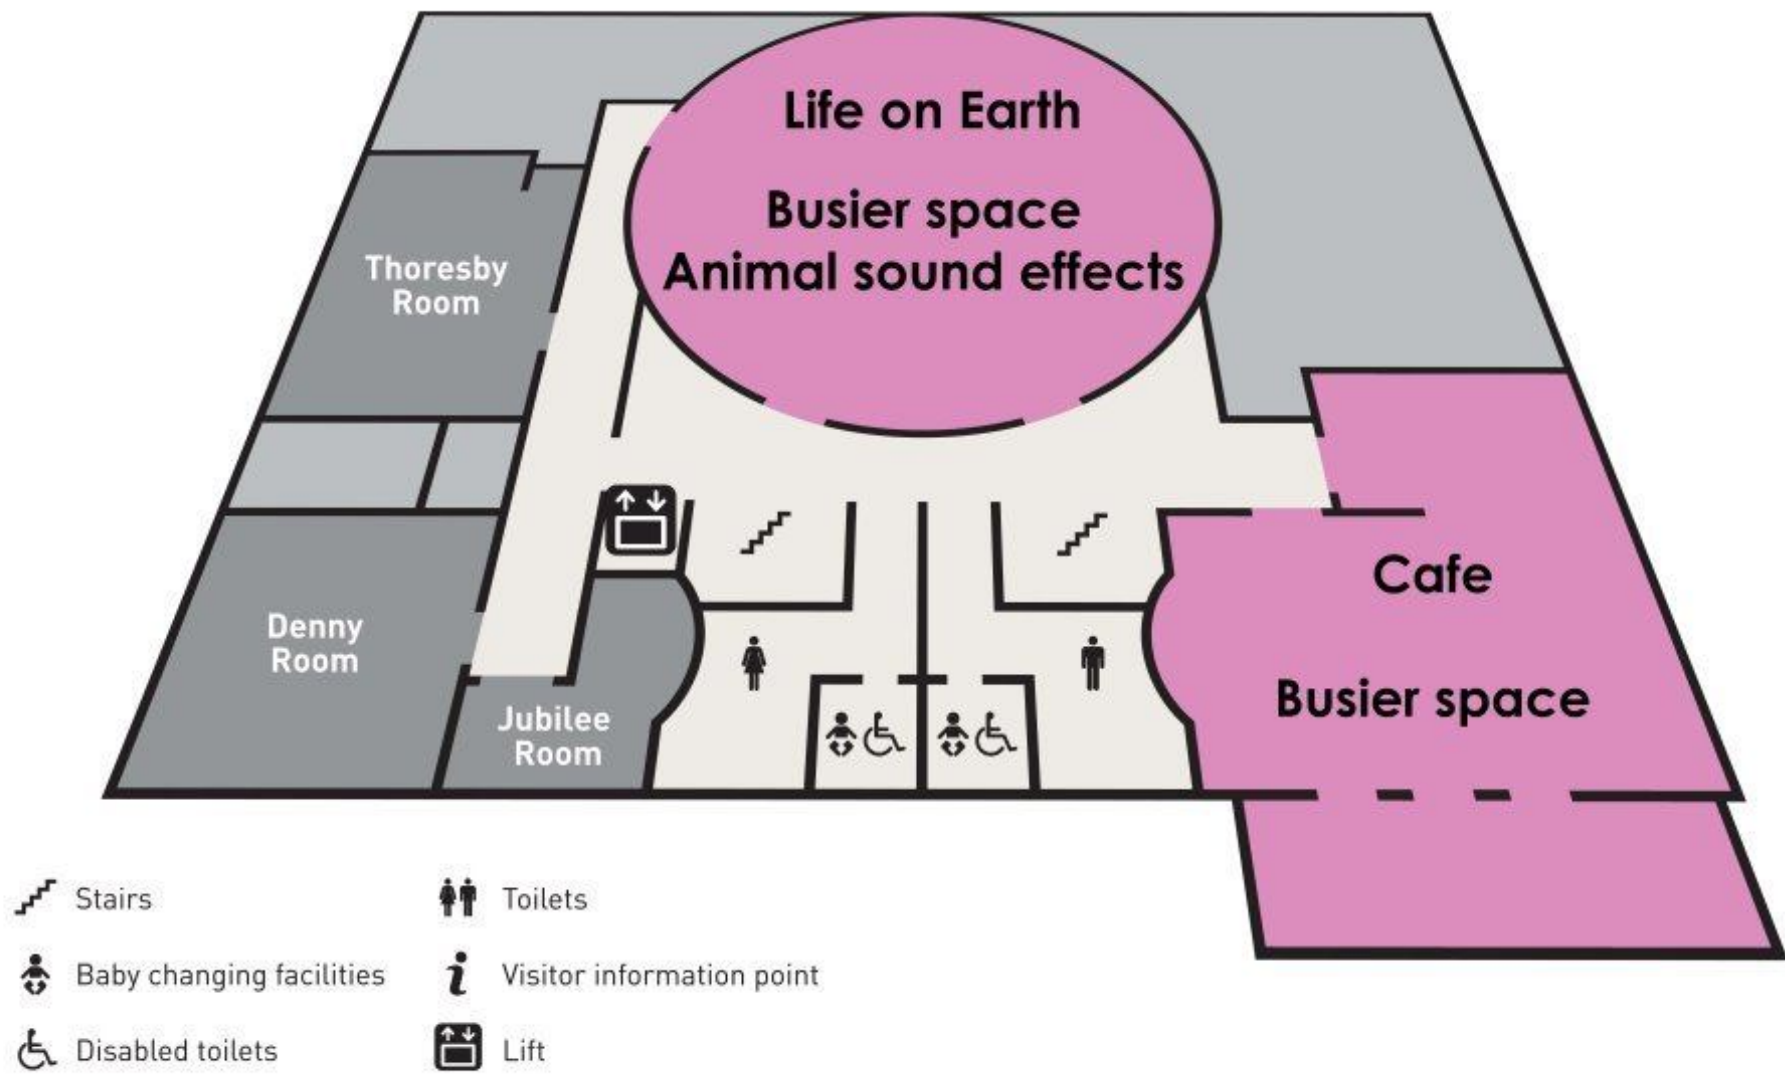

This is just a guide. Please ask a member of staff on the day of your visit if you would like more up to date information about any special events and exhibitions, or how busy the museum is on that day.

Tactile opportunities are available on an ad hoc basis, depending on staffing. Please speak to a member of staff in the galleries to see what opportunities are available on the day of your visit.

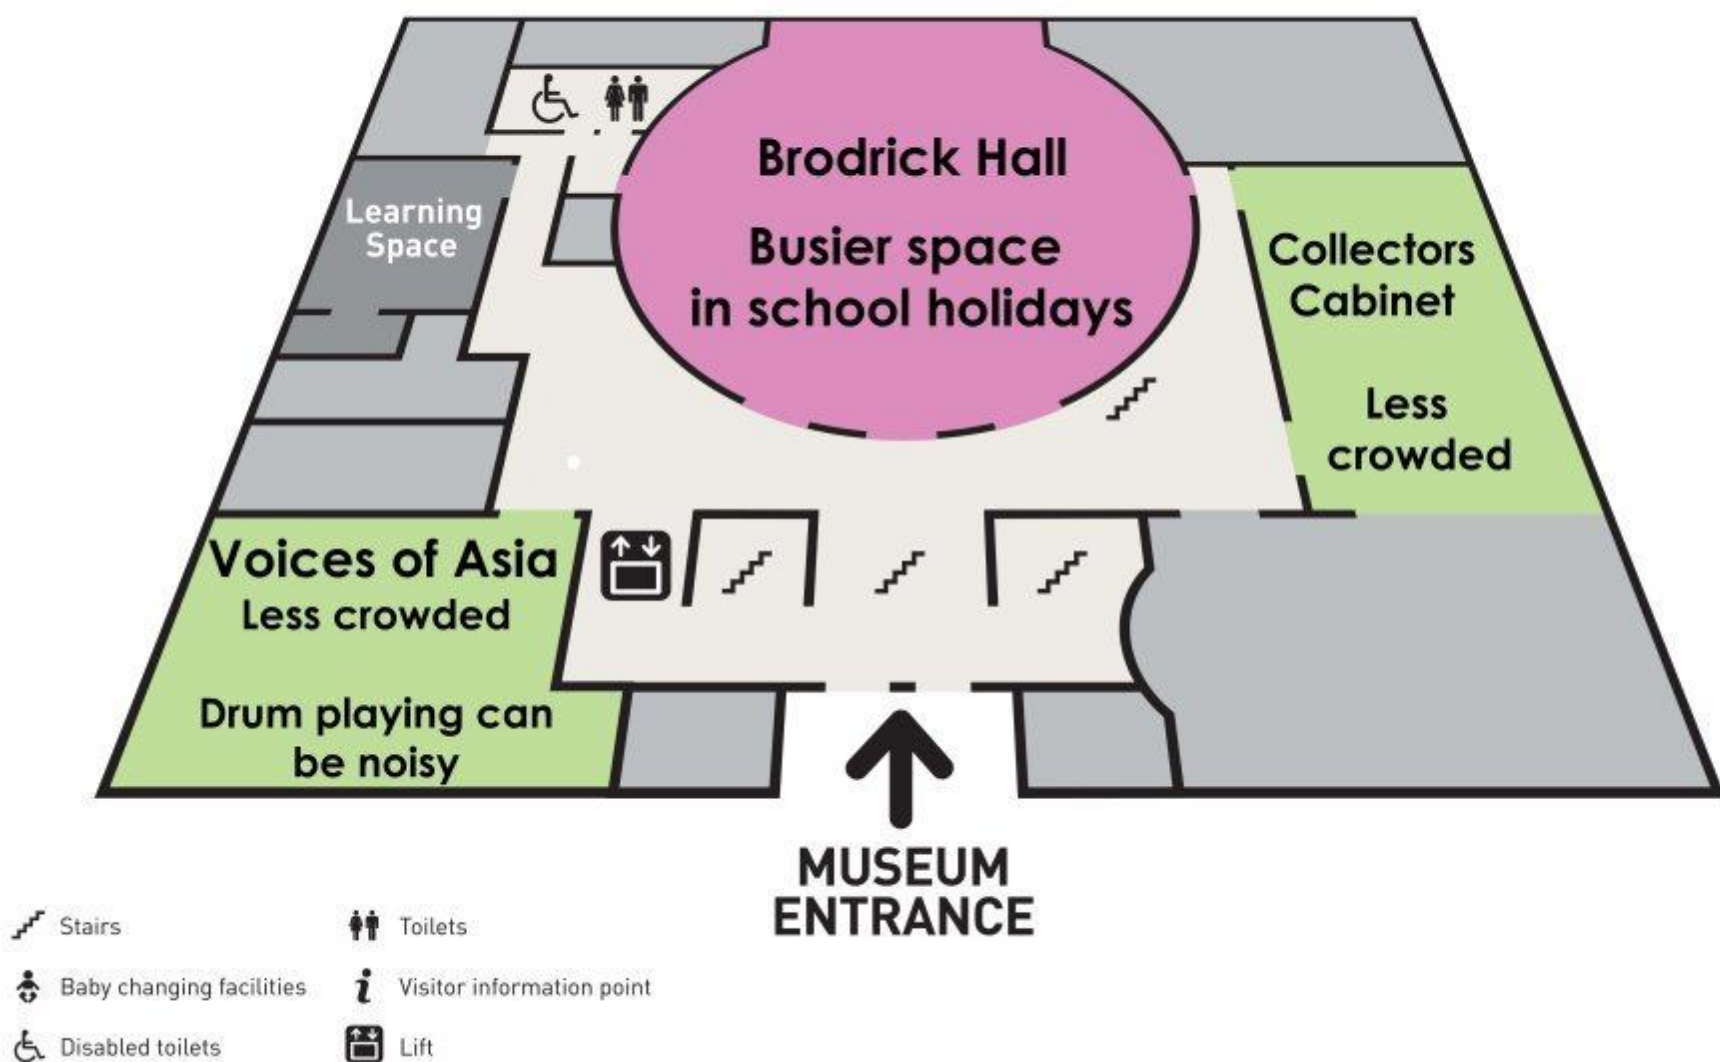

We also have torches and ear defenders which can be borrowed for your visit. Please ask.

Noise and space

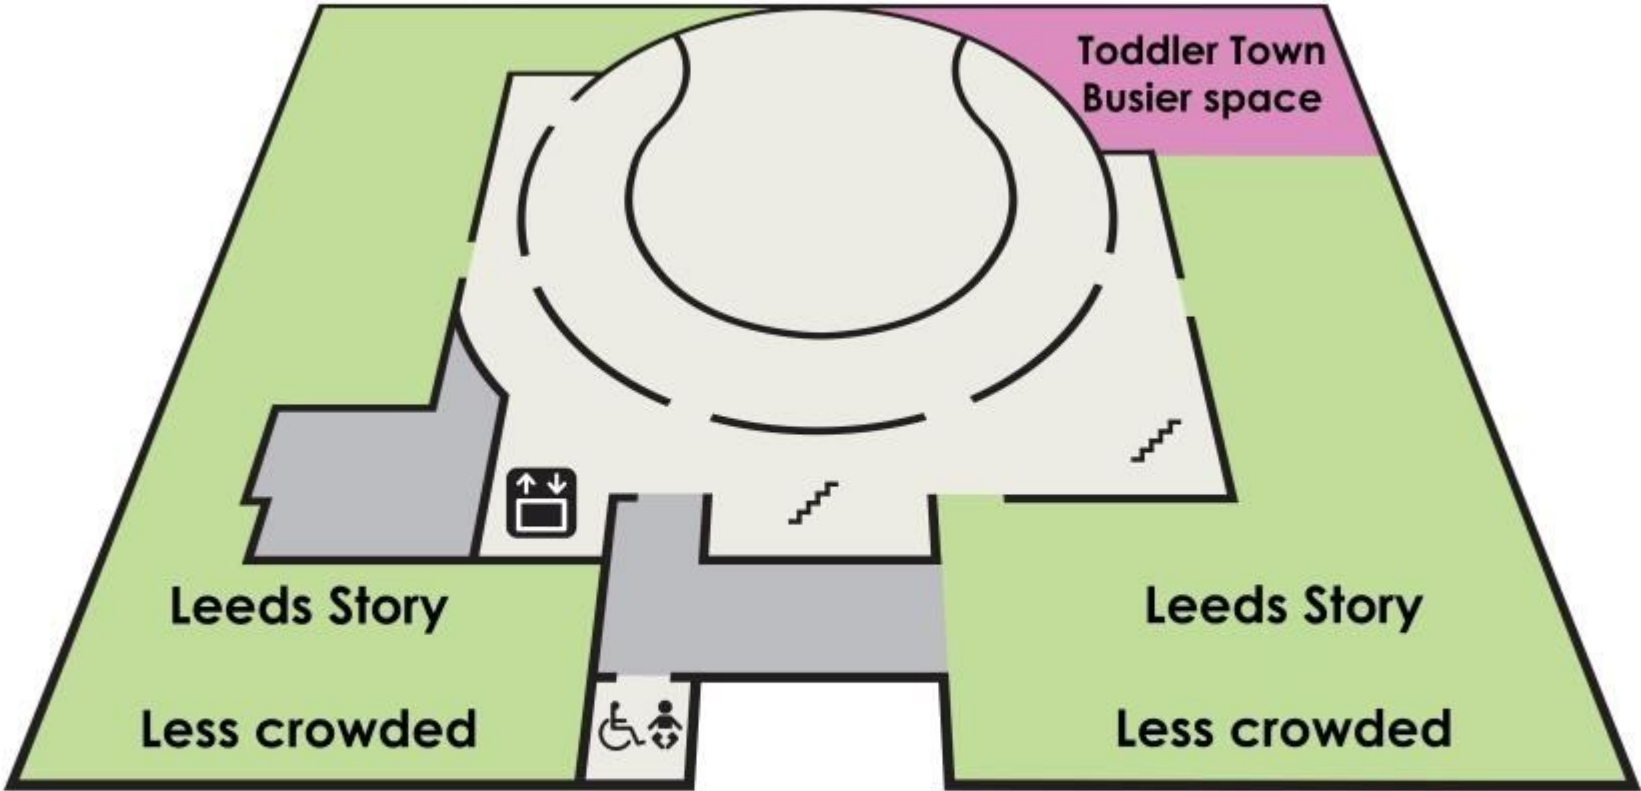

Lower Ground Floor

1st Floor

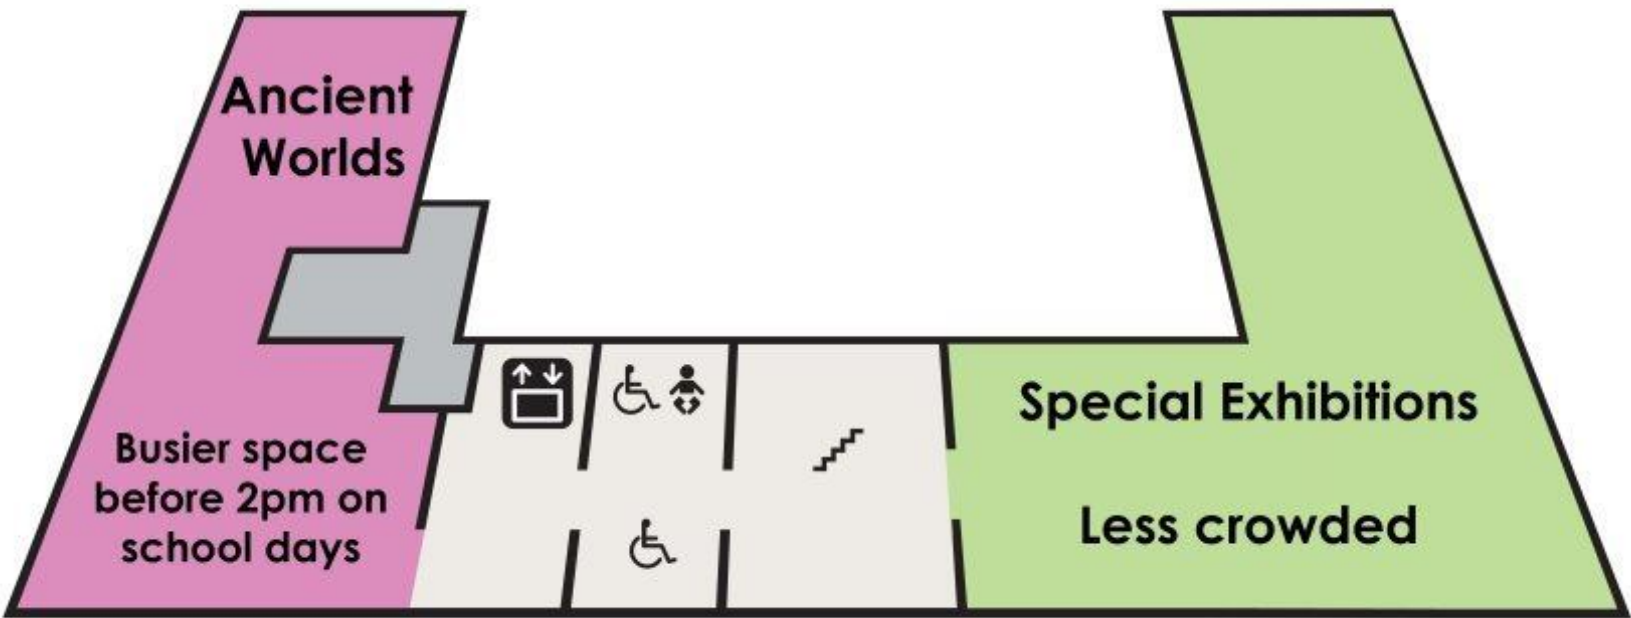

2nd Floor

-  Stairs
-  Toilets
-  Baby changing facilities
-  Visitor information point
-  Disabled toilets
-  Lift
